

Health & Safety, Quality & Environment Administrator

One Year Contract Position

Western Stevedoring is an industry leader in stevedoring and terminal operations with branch offices and subsidiary companies in the Lower Mainland and on Vancouver Island.

Western now has an opportunity for you to join our Health & Safety Team if you are passionate about embedding worker safety and performance improvements into Company culture while supporting our operations.

Western is interested in hiring an individual who thrives in a dynamic environment and enjoys expanding their knowledge of terminal and stevedoring operations while supporting the operations team. This position will provide H&S administration and claims management support in addition to having an operations field presence.

Key duties include:

- H&S Administration
- Claims Management and Support
- Field Presence in our Operations
- Quality & Environment Administration

A desire to learn, excellent communication and interpersonal skills as well as knowledge of MS Office are essential for success in this role.

Preference will be given to students or recent graduates of OH&S or safety designation programs. Extensions to this position timeline will be based on operational outcomes.

To apply, please send your cover letter and resume to hr@westeve.com by October 10, 2018. To learn more about our operations and company culture, please view our website at www.westeve.com.

While we thank all qualified individuals for their interest, only those selected for an interview will be contacted.

Western Stevedoring is an equal opportunity employer.
